

On May 25, 1979 my 6 year-old cousin, Etan Patz, disappeared from the streets of New York. Even after thirty years, people remember this case quite well. Etan was walking two short blocks to his school bus stop for the first time and he was never seen again. Jose Antonio Ramos, a sexual predator, is believed to be responsible for molesting, killing and disposing of Etan's body.

Here's the scariest part - If nothing is done and my cousin's case does not make it to a Grand Jury, Ramos will be released from prison in 2012.

In 2004 a civil judge found Ramos responsible for Etan's death yet the current Manhattan DA refuses to bring the case to trial. Jose Ramos, a serial pedophile, is currently incarcerated in a Pennsylvania prison for sexually molesting another young boy. But, he will have served out his sentence in three short years and he will be back on the streets to harm countless other children. The thought of this monster getting out of prison should frighten everyone **but if you live in Manhattan you can help stop Ramos** – for good.

The current 90 year old Manhattan DA, Robert Morgenthau, has been in office for 35 years and to this day refuses to bring this case to trial despite substantial evidence and a civil trial showing Ramos responsible for Etan's death. Morgenthau has decided not to seek re-election this year and retire. There are three candidates hoping to succeed him. Judge Leslie Crocker Snyder, Cyrus Vance Jr. and Richard Aborn. My family is trying to reach out to those of you in Manhattan to please consider voting for Judge Leslie Crocker Snyder for Manhattan DA. Leslie Crocker Snyder is the only candidate for DA who has pledged to put the Patz case before a Grand Jury, the first necessary step needed to obtain an indictment against Jose Ramos which could lead to a trial and conviction. Our only objective is to save another family from enduring the pain and anguish our family has lived with for over 30 years. If you live in Manhattan and are of legal age to vote, **please vote for Judge Leslie Crocker Snyder**. If you are unfamiliar with this case, please see <http://afteretan.com> or read the book "AFTER ETAN: The Missing Child Case That Held America Captive," by former "60 Minutes producer, Lisa R. Cohen. It's the first book ever written about the case in thirty years. It finally lays out a full picture of the compelling evidence against Jose Ramos, evidence never before heard in public. If you have any doubts about his guilt, read this book and you will see that when you put all the pieces together, he is irrefutably the villain who kidnapped and killed my cousin Etan. There were also interviews done on 20/20 and 60 minutes that will help you understand how important it is to keep this predator off our streets. Thank you for your time.
